

# Rocky, here is the impact Stormmaster has had since 2018

Stormmaster has donated \$12,000.00

480 Clients served

46 Loans disbursed

Your unwavering generosity through the **Homes for HOPE Fall/Winter Fundraiser** has transformed lives around the world. You have played a vital role in equipping individuals with access to savings, loans, and financial education—tools that foster economic stability and spiritual growth.

This report is a glimpse into the extraordinary impact of your support. From launching savings groups to funding entire microfinance initiatives, your generosity has set change in motion.

As you read through the stories, testimonies, and milestones your giving has made possible, know that you are not just donating—you are investing in transformation, empowering families, and glorifying God through economic discipleship. To remind you of the incredible impact your giving has already made, we've put together this personalized donor impact report. It highlights how your generosity has fueled real change and how, together, we can build on this foundation in 2025.

Gratefully,

Jeff Rutt  
CEO | Keystone Custom Homes

## HOPE BY THE NUMBERS

**14,449**

local churches equipped

**3.1 million**

families served

**\$1.7 billion**

invested in dreams

**\$25**  
per person

For every **\$25** invested in HOPE,  
we can serve **one person a year**.

Cumulative since 1997

*We serve through two main approaches:*

### SAVINGS GROUPS

Typically formed through HOPE's church partners, savings group members save money together and often make small loans from their savings pool.

**10,756 churches**

We partner with national denominations in the countries where we work to equip their churches with the holistic savings group ministry. **10,756 local churches around the world have launched savings groups** in their communities.

### SG Multiply

Through SG (savings group) Multiply, we equip other Christ-centered organizations to start groups in the communities they already serve.

### MICROFINANCE INSTITUTIONS

Microfinance institutions (MFIs) are banks that equip entrepreneurs with financial tools to invest in businesses and better provide for their families.

**\$258 loan**

The **average group loan size** for borrowers is \$258. In Burundi, a borrower can access a loan as small as \$25, enough to start a small business.

### Small-and-medium enterprise

These larger "SME" loans equip entrepreneurs to scale and create jobs. Five MFIs in the HOPE network currently offer SME loans, and more are piloting them. SME loans start at \$5,000.
